Speedily Gured by Cuticura Soap, Ointment and Pills,

When All Other Remedies and Best Physicians Fail. COMPLETE TREATMENT, \$1.00.

In the treatment of torturing, disfiguring, itching, scaly, crusted, pimply, blotchy and scrofulous humours of the skin, scalp and blood, with loss of hair, Caticura Soap, Ointment and Pills have been wonderfully successful. Even the most obstinate of constitutional humours, such as tad blood, scrofula, inherited and contagious humours, with loss of hair, glandular swellings, ulcertous patches in the throat and mouth, sore eyes, copper-colored blotches, as well as boils, carbunoles, scurvy, sties. sore eyes, copper-colored blotches, as well as bolls, carbunoles, scurvy, sties, ulcers and sores arising from an im-pure or impoverished condition of the blood, yield to the Cuticura Treatment, when all other remedies and methods

when all other remedies and methods fail.

And greater still, if possible, is the wonderful record of cures of forturing, disfiguring humours among infants and children. The suffering which Cutteurs Soap and Clistment have alleviated among the young, and the comfort they have afforded wors-out and worried parents, have led to their adoption in countiess homes as priceless curatives for the skin and blood. Infantile and birth humours, milk crust, scall head, eczema, rashes and every form of itching, scaly, pinpily skin and scalp humours, with loss of hair, of infancy and childhood, are speedily, permanently and economically cured when all other remedies suitable for children, and oven the best physicians, fail.
